FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403, titled *Hospital Facility Fee Guideline – Outpatient*, sets out the reimbursement guidelines for facility services provided in an outpatient acute care hospital.
3. 28 Texas Administrative Code §134.203, titled *Medical Fee Guideline for Professional Services*, sets out the reimbursement guidelines for professional medical services.

4. 28 Texas Administrative Code §133.4 requires written notification to health care providers of any person that is given access to the informal or voluntary network's fee arrangement with that health care provider.
5. Texas Labor Code §413.011(d-3) specifies the contract information that shall be provided on Division request.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - B291 – THIS IS A BUNDLED OR NON COVERED PROCEDURE BASED ON MEDICARE GUIDELINES; NO SEPARATE PAYMENT ALLOWED. (B291)
 - P303 – THIS SERVICE WAS REVIEWED IN ACCORDANCE WITH YOUR CONTRACT. (P303)
 - PA – FIRST HEALTH
 - U634 – PROCEDURE CODE NOT SEPARATELY PAYABLE UNDER MEDICARE AND OR FEE SCHEDULE GUIDELINES. (U634)
 - U849 – THIS MULTIPLE PROCEDURE WAS REDUCED 50%% ACCORDING TO FEE SCHEDULE OR USUAL AND CUSTOMARY GUIDELINES. (U849)
 - X901 – DOCUMENTATION DOES NOT SUPPORT LEVEL OF SERVICE BILLED. (X901)
 - X936 – CPT OR HCPC IS REQUIRED TO DETERMINE IF SERVICES ARE PAYABLE. (X936)
 - Z345 – LEFT SIDE. (Z345)
 - Z547 – THIS BILL WAS REVIEWED IN ACCORDANCE WITH YOUR FEE FOR SERVICE CONTRACT WITH FIRST HEALTH. FOR QUESTIONS REGARDING THIS ANALYSIS PLEASE CALL (800) 937-6824. THIS REIMBURSEMENT MAY REFLECT PAYMENT AT RATES LESS THAN YOUR DISCOUNTED CONTRACT RATE IN ACCORDANCE WITH YOUR PPO NETWORK CONTACT AND OUR ACCESS AGREEMENT WITH THEM. (Z547)
 - Z652 – RECOMMENDATION OF PAYMENT HAS BEEN BASED ON A PROCEDURE CODE WHICH BEST DESCRIBES SERVICES RENDERED. (Z652)
 - Z710 – THE CHARGE FOR THIS PROCEDURE EXCEEDS THE FEE SCHEDULE ALLOWANCE. (Z710)

Issues

1. Are the disputed services subject to a contractual agreement between the parties to this dispute?
2. What is the applicable rule for determining reimbursement for the disputed services?
3. What is the recommended payment amount for the services in dispute?
4. Is the requestor entitled to reimbursement?

Findings

1. The insurance carrier reduced or denied disputed services with reason codes P303 – “THIS SERVICE WAS REVIEWED IN ACCORDANCE WITH YOUR CONTRACT. (P303)”; PA – “FIRST HEALTH”; and Z547 – “THIS BILL WAS REVIEWED IN ACCORDANCE WITH YOUR CONTRACT WITH YOUR FEE FOR SERVICE CONTRACT WITH FIRST HEALTH. FOR QUESTIONS REGARDING THIS ANALYSIS PLEASE CALL (800) 937-6824. THIS REIMBURSEMENT MAY REFLECT PAYMENT AT RATES LESS THAN YOUR DISCOUNTED CONTRACT RATE IN ACCORDANCE WITH YOUR PPO NETWORK CONTACT AND OUR ACCESS AGREEMENT WITH THEM. (Z547).” Review of the submitted documentation from both parties finds that a contractual relationship is alleged through a contract with the First Health network. However, review of the submitted information found insufficient evidence to support that the services in dispute are subject to a contracted fee arrangement. Pursuant to 28 Texas Administrative Code §133.307(e)(1), which states that “The Division may request additional information from either party to review the medical fee issues in dispute. The additional information must be received by the Division no later than 14 days after receipt of this request. If the Division does not receive the requested additional information within 14 days after receipt of the request, then the Division may base its decision on the information available.” and Texas Labor Code §413.011(d-3), which states, in pertinent part, that “An insurance carrier shall provide copies of each contract described by Subsection (d-1) to the division on the request of the division. . . . For medical fee disputes that arise regarding non-network and out-of-network care, the division may request that copies of each contract under which fees are being paid be submitted to the division for review,” on January 11, 2011, the Division requested the respondent to provide a copy of the referenced network contract and documentation to support provider notification as required under 28 Texas Administrative Code §133.4. The respondent replied in a letter dated March 23, 2011 that “We have received notification that the provider was not participating in the Coventry PPO Network during the 03/19/2010 date of service.” The respondent did not otherwise submit copies of the requested information. The above denial/reduction reason is not supported. Pursuant to Texas Labor Code §413.011(d-3), which states, in pertinent part, that “the insurance carrier may be required to pay fees in accordance with the division's fee guidelines if the contract: (1) is not provided in a timely manner to the division on the division's request,” the disputed services will be reviewed for payment in accordance with applicable Division rules and fee guidelines.

2. This dispute relates to facility services performed in an outpatient hospital setting with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule. Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables was not requested.
3. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published annually in the OPPS final rules which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:
- Procedure code C1713 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Procedure code 36415 has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Facility payment for the technical component of this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(e)(1). The fee listed for this code in the Medicare Clinical Fee Schedule is \$3.00. 125% of this amount is \$3.75. The recommended payment is \$3.75.
 - Procedure code 80053 has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Facility payment for the technical component of this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(e)(1). The fee listed for this code in the Medicare Clinical Fee Schedule is \$15.14. 125% of this amount is \$18.93. The recommended payment is \$18.93.
 - Procedure code 82962 has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Facility payment for the technical component of this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(e)(1). The fee listed for this code in the Medicare Clinical Fee Schedule is \$3.35. 125% of this amount is \$4.19. The recommended payment is \$4.19.
 - Procedure code 88304 has a status indicator of X, which denotes ancillary services paid under OPPS with separate APC payment. This service is classified under APC 0343, which, per OPPS Addendum A, has a payment rate of \$35.73. This amount multiplied by 60% yields an unadjusted labor-related amount of \$21.44. This amount multiplied by the annual wage index for this facility of 0.9578 yields an adjusted labor-related amount of \$20.54. The non-labor related portion is 40% of the APC rate or \$14.29. The sum of the labor and non-labor related amounts is \$34.83. The cost of this service does not exceed the annual fixed-dollar threshold of \$2,175. The outlier payment amount is \$0. The total APC payment for this service, including outliers, is \$34.83. This amount multiplied by 200% yields a MAR of \$69.66.
 - Procedure code 88311 has a status indicator of X, which denotes ancillary services paid under OPPS with separate APC payment. This service is classified under APC 0342, which, per OPPS Addendum A, has a payment rate of \$10.42. This amount multiplied by 60% yields an unadjusted labor-related amount of \$6.25. This amount multiplied by the annual wage index for this facility of 0.9578 yields an adjusted labor-related amount of \$5.99. The non-labor related portion is 40% of the APC rate or \$4.17. The sum of the labor and non-labor related amounts is \$10.16. The cost of this service does not exceed the annual fixed-dollar threshold of \$2,175. The outlier payment amount is \$0. The total APC payment for this service, including outliers, is \$10.16. This amount multiplied by 200% yields a MAR of \$20.32.
 - Procedure code 29826 represents a component procedure of procedure code 23420 performed on the same

date of service. Per Medicare policy, payment for this service is included in the payment for the primary procedure. A modifier is allowed in order to differentiate between the services provided. Separate payment for the services billed may be justified if a modifier is used appropriately. The provider billed this service with modifier LT indicating "left side." Review of the submitted documentation finds that both procedures were performed on the left side. Separate payment is not supported.

- Procedure code 23420 has a status indicator of T, which denotes a significant procedure subject to multiple procedure discounting. The highest paying status T APC is paid at 100%; all others are paid at 50%. This procedure is paid at 100%. This service is classified under APC 0051, which, per OPPS Addendum A, has a payment rate of \$3,139.68. This amount multiplied by 60% yields an unadjusted labor-related amount of \$1,883.81. This amount multiplied by the annual wage index for this facility of 0.9578 yields an adjusted labor-related amount of \$1,804.31. The non-labor related portion is 40% of the APC rate or \$1,255.87. The sum of the labor and non-labor related amounts is \$3,060.18. If the total cost for a service exceeds 1.75 times the OPPS payment and also exceeds the annual fixed-dollar threshold of \$2,175, the outlier payment is 50% of the amount by which the cost exceeds 1.75 times the OPPS payment. Per the OPPS Facility-Specific Impacts file, CMS lists the cost-to-charge ratio for this provider as 0.236. This ratio multiplied by the billed charge of \$0.00 yields a cost of \$0.00. The total cost of all packaged items is allocated proportionately across all separately paid OPPS services based on the percentage of the total APC payment. The APC payment for this service of \$3,060.18 divided by the sum of all APC payments is 74.37%. The sum of all packaged costs is \$4,046.41. The allocated portion of packaged costs is \$3,009.40. This amount added to the service cost yields a total cost of \$3,009.40. The cost of this service exceeds the annual fixed-dollar threshold of \$2,175. The amount by which the cost exceeds 1.75 times the OPPS payment is \$0.00. The total APC payment for this service, including outliers and any multiple procedure discount, is \$3,060.18. This amount multiplied by 200% yields a MAR of \$6,120.36.
- Procedure code 29824 has a status indicator of T, which denotes a significant procedure subject to multiple procedure discounting. The highest paying status T APC is paid at 100%; all others are paid at 50%. This procedure is paid at 50%. This service is classified under APC 0041, which, per OPPS Addendum A, has a payment rate of \$2,016.77. This amount multiplied by 60% yields an unadjusted labor-related amount of \$1,210.06. This amount multiplied by the annual wage index for this facility of 0.9578 yields an adjusted labor-related amount of \$1,159.00. The non-labor related portion is 40% of the APC rate or \$806.71. The sum of the labor and non-labor related amounts is \$1,965.71. The cost of this service does not exceed the annual fixed-dollar threshold of \$2,175. The outlier payment amount is \$0. The total APC payment for this service, including outliers and any multiple procedure discount, is \$982.86. This amount multiplied by 200% yields a MAR of \$1,965.72.
- Per Medicare policy, procedure code 64413 is unbundled from procedure code 23420 billed on the same date of service. Per Medicare policy, payment for this service is included in the payment for the primary procedure. A modifier is not allowed. Separate payment is not recommended.
- Procedure code 94640 has a status indicator of S, which denotes a significant procedure not subject to multiple procedure discounting, paid under OPPS with separate APC payment. This service is classified under APC 0077, which, per OPPS Addendum A, has a payment rate of \$27.35. This amount multiplied by 60% yields an unadjusted labor-related amount of \$16.41. This amount multiplied by the annual wage index for this facility of 0.9578 yields an adjusted labor-related amount of \$15.72. The non-labor related portion is 40% of the APC rate or \$10.94. The sum of the labor and non-labor related amounts is \$26.66. The cost of this service does not exceed the annual fixed-dollar threshold of \$2,175. The outlier payment amount is \$0. The total APC payment for this service, including outliers, is \$26.66. This amount multiplied by 200% yields a MAR of \$53.32.
- Procedure code J0170 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
- Procedure code J0690 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
- Procedure code J1100 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
- Procedure code J1885 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
- Procedure code J2250 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
- Procedure code J2270 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.

- Procedure code J2370 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Procedure code J2405 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Procedure code J3010 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Procedure code J7120 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Procedure code Q0179 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into payment for other services, including outliers.
 - Per Medicare policy, procedure code 93005 is unbundled from procedure code 23420 billed on the same date of service. Per Medicare policy, payment for this service is included in the payment for the primary procedure. A modifier is not allowed. Separate payment is not recommended.
4. The total recommended payment for the services in dispute is \$8,256.25. This amount less the amount previously paid by the insurance carrier of \$9,596.54 leaves an amount due to the requestor of \$0.00.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
